

MATTHEW ELSEA

433 13th Ave. E. Apt. 304 Seattle, WA 98102 · 206 321 1937 · melsea@gmail.com · clutch-studio.com

SKILLS

I design intuitive user interfaces and have a background in computer programming.

Illustrator, Photoshop, Flash, PHP, XHTML, CSS, Javascript, jQuery

EXPERIENCE

2006 – present

Murray Franklyn | Webmaster/Design
Bellevue, Washington

UI Design, Front End Development and Project Management

- Create multiple design comps, refine designs based on stakeholder input and PHP/XHTML/CSS production
- Coordinate backend developers, SEO management and Flash gurus to create a seamless, trackable user experience
- Write custom PHP XML parsing code to present product information and availability
- Evaluate and recommend improvements to usability and functionality based on analytic and user information
- Manage and coordinate promotions including: splash pages, HTML eblasts, newspaper ads, and print collateral

2003 – 2006

Murray Franklyn | Apartment Manager
Seattle, Washington

Managed a large 156 unit, mixed-use apartment complex

- Represented the building in community meetings
- Created a quick lease template system to replace time-consuming handwritten forms

2002 – 2003

Costco Wholesale Corporation | Contract Accountant
Issaquah, Washington

Account reconciliation and research responsibilities for International accounts

1999 – 2001

United McGill | Programmer
Columbus, Ohio

Developed Windows applications to replace older DOS systems. This included traveling to various national locations to install new software and train users.

EDUCATION
